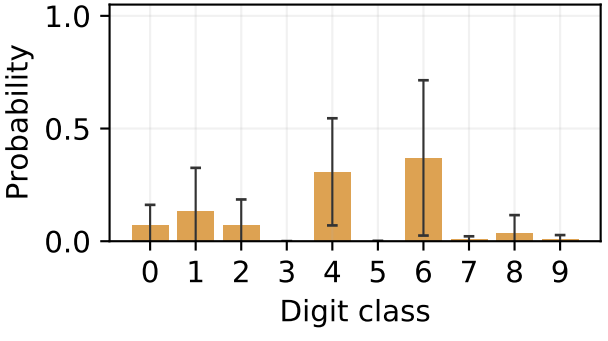
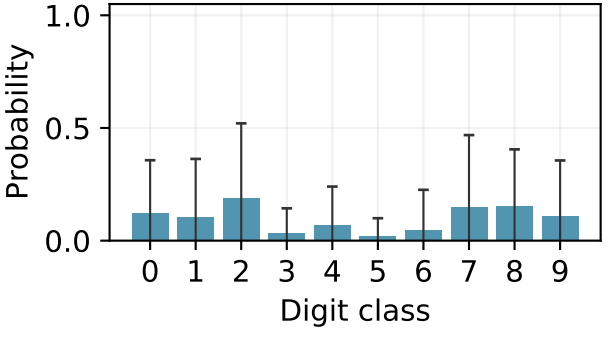
Four largest mean predictive entropies across the two methods
Bars: posterior predictive mean; error bars: SD across weight or dropout draws

Test image 9879; label 0

dropout; predictive entropy 1.56 nats

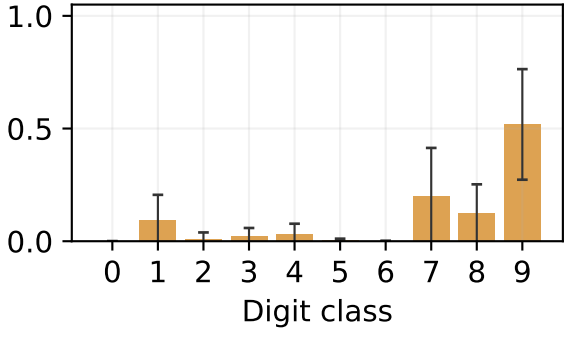


ivon; predictive entropy 2.15 nats

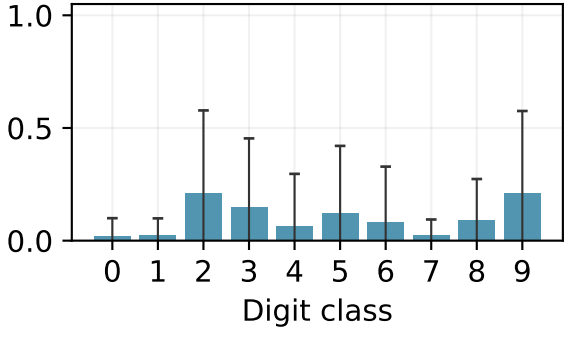


Test image 1039; label 7

dropout; predictive entropy 1.40 nats

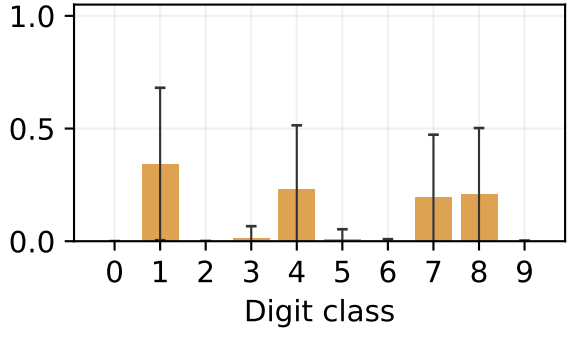


ivon; predictive entropy 2.06 nats

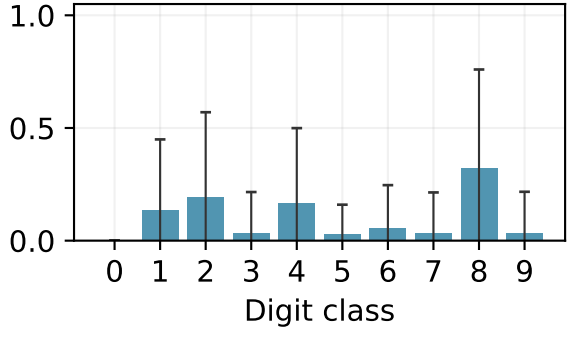


Test image 4601; label 8

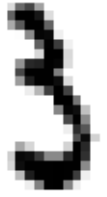
dropout; predictive entropy 1.47 nats



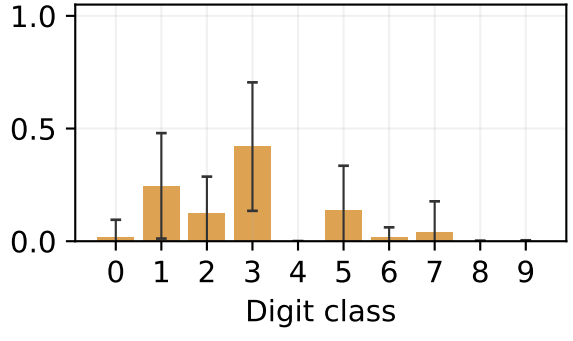
ivon; predictive entropy 1.86 nats

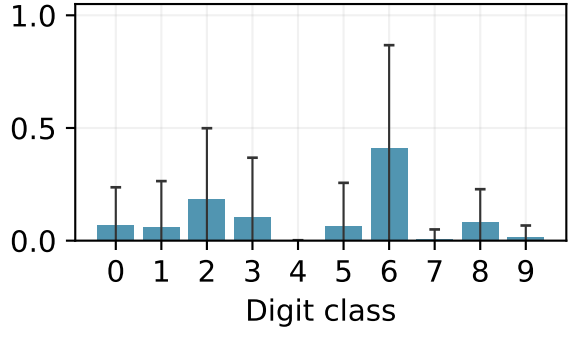


Test image 795; label 3



dropout; predictive entropy 1.52 nats





ivon; predictive entropy 1.75 nats
